

Welcome two **new members** of our family.

Diagnostic Software	Test Equipment	Service Training	Technical Support	Quality Parts
---------------------	----------------	------------------	-------------------	---------------

Bosch Diagnostics adds Accu-turn® and Beissbarth® for a complete line of quality wheel service equipment. For over 100 years, the Bosch name has meant superior reliability, service and quality. Now with the addition of Accu-turn and Beissbarth to the Bosch Diagnostics family, that same unsurpassed excellence comes to wheel service equipment. To find out how Bosch Diagnostics Wheel Service Equipment can help your shop become the most efficient and profitable it can be, call us at 800-551-2228 or visit boschdiagnostics.com.
