Bosch Launches New XpressFIT PRO™ Wiper Blade at AAPEX 2024 for Installers

- Bosch introduces a new and innovative Uni-Link adapter for quick, efficient wiper installation.
- **The XpressFIT PRO™** Wiper Blade features HydroDefense™ technology for reduced noise and long-lasting wipe quality.
- The **XpressFIT PRO™** Wiper Blade will be showcased at AAPEX 2024 (booth #A4409).

Oak Brook, Ill. – Today, Bosch, a leading global supplier of technology announced **XpressFIT PRO™** Wiper Blade, a new wiper offering equipped with an innovative Uni-link adapter - making installation quick and efficient. The new wiper is designed for installers and commercial accounts in mind.

“Our goal with this new wiper solution is to simplify installation without sorting through multiple loose adapters. Every feature in this product was implemented with efficiency in mind, from the new Uni-Link adapter to the sustainable packaging,” said Christine Hutchinson, senior product manager at Bosch Automotive Service Solutions. “AAPEX is an excellent opportunity for us to launch this new product and showcase key features with a hands-on approach.”

The **XpressFIT PRO™** Wiper Blade offers the following features:

Innovative Uni-link Adapter: Equipped with the new Uni-link adapter, the **XpressFIT PRO™** wiper blade covers 95% of vehicles in operation – making installations quick and efficient by eliminating the need for multiple adapters.

Clearer, Quieter Wiping: The **XpressFIT PRO™** features HydroDefense™ technology, a liquid graphite coating, precisely applied to the wiping edge of the rubber which reduces noise and improves wiping quality.

Sustainable, Efficient Packaging: The all-paper and plastic-free packaging is easily recyclable and can be disassembled quickly. Additionally, the packaging QR code provides video links for installation instructions.

For more information on the **XpressFIT PRO™** and other Bosch Wiper Blades, visit <https://www.boschautoparts.com/xpressfitpro>, or stop by the Bosch Booth (booth #A4409) at AAPEX.

About Bosch

The Mobility Aftermarket division (MA) provides the aftermarket and repair shops worldwide with modern diagnostic and repair shop equipment and a wide range of spare parts – from new and exchange parts to repair solutions – for passenger cars and commercial vehicles. Its product portfolio includes products made as Bosch original equipment, products developed in-house and specifically manufactured for the aftermarket, as well as services. About 16,000 associates, as well as a global logistics network, ensure that spare parts reach customers quickly and on time. MA supplies testing and repair-shop technology, diagnostic software, service training, and information services. In addition, the division is responsible for the "Bosch Service" repair-shop franchise, one of the world's largest independent chains of repair-shops, with some 15,000 workshops, and more than 1,000 "AutoCrew" partners. In addition, with Bosch Classic, MA supports owners of classic cars with a wide range of spare parts and services.
