New Hardware for 17.2

▶ Honda ACM Cable, ID 825 (US/Canada Markets)

P/N: 1699200466 - Use this CDR cable for direct-to-module imaging of MY2018 and newer Honda vehicles.

▶ Toyota ACM Cable 10, ID 827 (All Markets)

P/N: 1699200559 - This CDR cable is required for direct-to-module imaging of 2018 and newer Toyota vehicles sold world-wide.

▶ DLC 4 Adapter (All Markets except for US/Canada)

P/N: 1699200510 - Use this adapter when retrieving EDR data through the vehicle's OBD port on all Toyota vehicles sold outside of US & Canada markets.

▶ D2M Kit 161-172 (US/Canada Markets)

P/N: 1699200571 - The CDR D2M 161-172 Kit includes cables and adapters which were released in CDR software versions 16.1 through 17.2.

Minimum PC Hardware Requirements

To install and run the CDR software, your PC must meet the minimum hardware requirements listed below:

- Processor Speed: 1GHZ or faster
- RAM: 256MB or more
- Disk Space: 100MB or more
- Video Resolution: 1028 x 768 or higher
- 2 open USB ports (one for CDR interface and the other for CDR500, both drives must be enabled to read USB mass storage devices)

Supported Operating Systems

This version of CDR software is currently supported on the following US Windows® operating systems:

- Windows XP® (Home and Pro for PCs, 32 & 64 bit)
- Windows Vista® (32 & 64 bit)
- Windows® 7/8/8.1/10 (32 & 64 bit)

Software Compatibility with the CDR Interface Module

This software version is compatible only with the blue and green metal CDR interface module marked with a CAN plus logo on its label. Other versions of the CDR module (black plastic or blue units without the CAN plus logo) are not supported and can cause the software not to function as intended. To purchase a current CDR Interface Module (P/N: F00K108954), please contact your local CDR Sales Representative.

Is Your CDR System Hardware Up to Date?

To take full advantage of this new software version, you need to obtain the new CDR Cables released up through CDR version 17.2. You also need to make sure your CDR hardware is up to date. If your CDR Tool has not been updated recently, refer to the *Checklist for v17.2* which can be found on the Bosch Diagnostics CDR website located at <http://www.boschdiagnostics.com/testequipment/CDR/Pages/CDRHome.aspx>. Contact your CDR Sales Representative if you have any questions about the CDR products or you need to order new hardware or a software subscription.
