Uncover the truth on major speed improvements with Quick-Scan

Introducing Quick-Scan, dramatically improved scan speed performance – touting many of the fastest scan times in the industry.

▶ Latest update in software architecture to scan trouble codes **over 3 times faster** than ever before on Bosch ADS
▶ Technicians can now perform all-systems DTC scans on average **under 60 seconds**. Complete scans take 30 seconds or less for many vehicle year, make and models
▶ Aftermarket benchmark in scan speed that **saves technicians time and money** with every job
▶ More efficiency with AutoID – automatically identify most 2000 and newer vehicles in seconds and with fewer clicks
▶ Speed improvements on the following brands, with more to come in future updates:

2008 and newer CAN vehicles for these manufacturers:

▶ Chrysler, Dodge, Ram, Jeep, Plymouth
▶ Ford, Lincoln, Mercury
▶ GMC, Chevrolet, Pontiac, Buick, Oldsmobile, Saturn, Hummer, Cadillac
▶ Hyundai, Genesis, Kia
▶ Mazda
▶ Mitsubishi
▶ Nissan, Infiniti

▶ Toyota, Lexus, Scion
▶ Volkswagen, Audi
▶ Mercedes-Benz
▶ BMW
▶ Volvo

Results based on Bosch internal testing representing average scan times of select vehicles across OEM platforms
